#### **RESEARCH EXPERIENCE**

---

2024 – Present **Colorado State University**, Adolescent Wellness Team

PI: Lauren B. Shomaker, Ph.D.

*Research Assistant*

Collect data and provide interventions as part of a randomized controlled trial to evaluate the effectiveness of cognitive-behavioral therapy, exercise training, and their combinations in preventing the progression of insulin resistance in female adolescents at risk for type 2 diabetes and experiencing mood-related issues (R01DK132557-01). Conduct risk assessments and diagnostic clinical interviewing to determine participant study eligibility.

2022 – Present **Colorado State University**, Advancing Research on Change Lab

PI: Noah N. Emery, Ph.D.

*Graduate Research Assistant*

Collect data for an ecological momentary assessment (EMA) study to identify state- and trait-level variables associated with substance use outcomes and behaviors.

2020 – 2022 **McLean Hospital**, Cognition and Affect Research and Education Lab

PI: Courtney Beard, Ph.D.

*Clinical Research Coordinator*

Submitted and managed IRB, conducted screenings, assessments, and study administration for a clinical trial funded by Combined Jewish Philanthropies of Greater Boston testing the effectiveness of online platforms for 8-week transdiagnostic virtual cognitive-behavioral therapy (CBT) programs.

2020 – 2021 **Vanderbilt University**, Innerworld, Inc. (formerly named Very Real Help Club)

PI: Steven D. Hollon, Ph.D.

*Research Assistant*

Conducted monthly qualitative interviews with participants to assess the impact of group therapy in virtual reality (VR) as a novel treatment modality for clinical disorders. Conducted interviews with individuals with opioid use disorder to gather feedback for feasibility of the VR app (R41DA051294-01).

2020 – 2020 **University of Illinois**, Cognitive & Affective Neuroscience of Psychopathology Lab

PI: Wendy Heller, Ph.D.

*Undergraduate Research Assistant*

Conducted screenings, assessments, and study administration for an ambulatory study assessing the effects of immersive virtual environments via VR, specifically nature exposure, on participants' affect, anxiety symptoms, and overall well-being.

2018 – 2020 **University of Illinois**, The Project on Life Experiences

PI: Thomas R. Kwapil, Ph.D.

*Undergraduate Research Assistant*

Collected data for study investigating the dimensional nature of psychopathology, specifically

mapping schizophrenia and schizophrenia spectrum disorders onto the schizotypy continuum across a broader continuity of expression.

2018 – 2020 **University of Illinois**, Alcohol Research Lab

PI: Catharine E. Fairbairn, Ph.D.

*Undergraduate Research Assistant*

Conducted recruitment, screenings, assessments, and study administration for a laboratory alcohol administration study examining reinforcing properties and incentives that motivate heavy and social drinkers; coded facial expressions and speech behaviors of participants in experimental videos (R01AA025969-03). Prepared data for machine learning analyses.

## CLINICAL EXPERIENCE

---

2025 – Present **Colorado State University**, Health Network

*Clinical Therapist*

Provide individual and group therapy services in Drugs, Alcohol, and You (DAY) programs for undergraduate students who are concerned about their substance use or are required to complete an assessment or engage in treatment by the University's disciplinary system.

Treatments used include Cognitive Behavioral Therapy, Motivational Interviewing, Cognitive Processing Therapy, Acceptance and Commitment Therapy.

2024 – Present **Colorado State University**, Adolescent Wellness Team

*Group Facilitator and Study Therapist*, Supervisors: Lauren D. Gulley, Ph.D., Sarah Perzow, Ph.D.

Provide manualized Cognitive Behavioral Therapy to groups of female adolescents at risk for type 2 diabetes experiencing mood concerns.

2023 – Present **Colorado State University**, Psychological Services Center

*Clinical Therapist and Assessor*, Supervisors: Noah N. Emery, Ph.D., Crystal Pierce, Ph.D., Michael Brinker, Psy.D.

Provide empirically supported treatments and conduct psychological assessment services for individuals through community mental health clinic. Treatments used include Cognitive Behavioral Therapy, Dialectical Behavior Therapy, Acceptance and Commitment Therapy, Cognitive Processing Therapy, Motivational Interviewing.

2023 – 2024 **Colorado State University**, Health Network

*Clinical Therapist*, Supervisors: Jeff Nepute, Ph.D., Adam Sargent, Ph.D.

Provided individual therapy services in General Services for undergraduate students.

Treatments used included Cognitive Behavioral Therapy, Dialectical Behavior Therapy,

Acceptance and Commitment Therapy, Internal Family Systems Therapy, Time-limited Dynamic Psychotherapy.

2020 – 2022 **McLean Hospital**, Cognition and Affect Research and Education Lab  
*CBT Coach*, Supervisors: Courtney Beard, Ph.D., Jacqueline R. Bullis, Ph.D.  
 Collaboratively worked with patients to identify and achieve treatment goals for an 8-week virtual CBT clinic. Treatment used included Cognitive Behavioral Therapy.

2020 – 2021 **Vanderbilt University**, Innerworld, Inc. (formerly named Very Real Help Club)  
*Group Facilitator*, Supervisor: Steven D. Hollon, Ph.D.  
 Led up to 20 participants and facilitated discussions during weekly support group meetings to address mental health and substance use recovery via virtual reality, partnered with SMART Recovery. Treatments used included Cognitive Behavioral Therapy, Dialectical Behavior Therapy, Acceptance and Commitment Therapy, Motivational Interviewing.
